

Quarterly Report
Pastor Parish Relations

April 1, 2009

A phone and e-mail discussion was held between each member of the Pastor Parish Relations committee with the chairperson, Sidney Kirkpatrick. We communicated this way due to the fact that quarterly reports are due April 1, 2009, and our committee meeting will be held on April 7th @ 4:30pm

We discussed how active we want to be for the next Habitat for Humanity project. Our group would be willing to provide a noon lunch on one of the work days. We would also be willing to combine with another committee of St. Paul's in doing this. We also discussed the Boone County Homeless project and we are interested in learning more after said board speaks to us at our Lenten Supper. This is a big problem in our county and we will be anxious to know how St. Paul's can help before we make a decision.

Home communions have been offered by our Pastor for shut-ins and no one has replied affirmatively for this service to date.

PPR committee is aware of the board meeting dates that were changed in April and May. One name was suggested for the Nominating Committee.

Respectfully submitted,

Sidney Kirkpatrick, Chairperson
